

Tuesday 9th November 2010, Hilton Hotel Cardiff

The Housing Law Conference 2010

10
years

Now in its tenth year, the Hugh James Housing Law Conference is designed for those involved in housing management who need to keep abreast of developments in this fast moving area of the law.

The day will include talks from several members of our specialist housing management team along with guest speaker, Professor Martin Innes. There will also be a chance for you to ask questions to our expert panel.

Professor Martin Innes of Cardiff University has advised the UK Cabinet Office, the Welsh Assembly and the Scottish Institute of Policing Research amongst others on the policing of anti-social behaviour and is the author of the September 2010 Report "Re-thinking the policing of anti-social behaviour" commissioned by HMIC.

"Hugh James Housing Law Conference is a must for all housing practitioners to attend, an invaluable resource to keep us up to date with our legal responsibilities"
